

Advances in clinical protocols and technology continue to shift procedures from the inpatient to the outpatient setting and provide for opportunities to safely perform joint replacement procedures in ASCs. The **myJOINT Health Rapid Recovery Joint Replacement Program at Treasure Coast Center for Surgery** is designed to offer a safe, reliable and cost effective solution for joint replacement to select patients. This program is a good fit for patients looking for a quality, time, and money saving surgical option to meet their needs.

NO HOSPITAL STAY REQUIRED.

PATIENT BENEFITS

**Quality**

We are accredited by Accreditation Association for Ambulatory Healthcare demonstrating commitment to the

highest standards of care, safety, and quality outcomes.

ASC Environments are proven to have a significantly reduced surgical site infection rates compared to other surgical settings\*.

**Satisfaction**

The myJoint Health Program offers easy scheduling, convenient

access, and short wait times.

With patient satisfaction scores at 99%, we clearly demonstrate we have happy patients who are highly likely to recommend us to a friend or family member.

**Value**

On average, patients pay less at our facility compared to the identical surgical procedure NOT performed in an ASC.

Savings are typically reflected in co-pays and co-insurance. Plans vary, so be sure to ask your insurance company\*.
